NEUROSCIENCE AND BEHAVIORAL PHYSIOLOGY
Volume 21, Numbers 1-6, 1991

Volume 21, Number 1, January-February, 1991

Regulation by Calcium of Short-Term Plasticity of the Cholinoreceptors of RPa3 and LPa3 Neurons of the Edible Snail - A. S. Pivovarov and B. I. Kotlyar 1
Problems of the Inheritance of Conditioned Reflexes in Pavlov's School - N. F. Suvorov and V. N. Andreeva 8
The Significance of Unrecognized Feedback Stimuli in Cognitive Activity - É. A. Kostandov and Yu. L. Azurmanov 17
Influence of Quinolinic Acid, an Endogenous Neurotoxin, on a Passive Avoidance Conditioned Reflex in Rats - V. L. Kozlovskii, O. G. Kenunen, and I. V. Prakh'e 24
Electrical Activity of the Visual Cortex Under Conditions of Change in the Levels of Monoamines in the Brain of Animals - V. V. Borob'ev, A. A. Gal'chenko, and O. N. Deryugina 29
Influence of Transplantation of Embryonal Brain Tissue (Early Periods) on Reactions of Avoidance of Artificial and Zoosocial Stimuli in Rats - N. G. Mikhailova, A. V. Zukhar', E. V. Loseva, and I. V. Ermakova 34
Effect of Atropine and d-Tubocurarine on the Monosynaptic Connections between Identified Neurons in the Central Nervous System of the Edible Snail - A. G. Ter-Markaryan, T. A. Palikhova, and E. N. Sokolov 37
Reflection of the Prognostic Activity of the Brain in the Activity of the Neurons of the Frontal Cortex of Rats - A. A. Orlov, A. P. Shutov, N. P. Kurzina, and E. V. Selezneva 39
Features of Associative Learning of Small Isolated Neurons of the Edible Snail - T. N. Grechenko 41
Comparision of the Hormonal and Behavioral Activity of Luliberin and Its Analogs - V. P. Makusheva, V. D. Bakharev, S. V. Nikolaev, and G. E. Lupanova 44
Neuromorphological Aspects of Experimental Herpes Infection - A. A. Mikhailenko, B. S. Glushkov, L. N. Adel'son, and T. Ya. Milovanova 47
Structural Organization of the Frontoparietal Zone of the Sensorimotor Cortex of the Rat Cerebrum - I. M. Kakabadze and N. A. Kostenko 53
Influence of Hypokinesia on the Ultrastructure of the Emotional Structures of the Rat Cerebrum - M. G. Zhvaniya and M. G. Bliadze 59
Ultrastructural Changes in the Septum of the Cat Brain with Prolonged Self-Stimulation - É. I. Dzamoeva, I. L. Lazriev, G. I. Kiknadze, and N. V. Abashidze 65
Age-Related Features of the Blood Vessels of the Rat Brain (Morphometric Investigation) - M. Kh. Levitman, Yu. V. Koshevoi, E. D. Plotnikova, V. V. Shaposhnikova, and L. Kh. Éidus 71
Participation of the Amygdaloid Complex in Conditioned Reflex Learning in Dogs - L. K. Danilova 75
Electrical Activity of the Hippocampus of Rats with the Central Administration of Gaba Agonists and Antagonists - A. V. Yarkov, V. V. Vorob'ev, A. A. Gal'chenko, and G. I. Kovalev 81
Recurrent Inhibition in Patients with a Lesion of the Central Nervous System - É. B. Lyubchinskii, R. S. Person, and R. É. Pantseva 88

Volume 21, Number 2, March-April, 1991

Role of Gamma-Aminobutyric Acid in the Inhibitory Effect of Emotional Stress on the Sexual Activity of Mice - E. V. Naumenko and L. I. Serova 93
Hypothalamic Monoamines in the Postnatal Ontogenesis of Rats - S. V. Gun'kov 96
A Mechanism of the Influence of Interleukin-1 on Blood Glucocorticoid Level: Absence of a Direct Effect of Interleukin-1 on Adrenal Cortical Cells - E. G. Rybakina, K. Salai, E. A. Korneva, É. K. Shkhinek, and M. P. Lesnikova 99
Reactions of Cell Structures of the Brain of Laboratory Animals to Oxygen Insufficiency - Yu. N. Kvitnitskii-Ryzhov and V. G. Belyavskii 103
Ultrastructural Changes in the Juxtamembranous Layer of Ganglionar Neurons with Orthodromic Pessimal Stimulation - O. S. Sotnikov and O. L. Polozova 110
Method for Identifying Adrenergic Nervous Elements by the Glyoxylic Method Using Pontamine Sky Blue - V. N. Shvalev and N. I. Zhuchkova 117
Interhemispheric Asymmetry of the Interaction of Transcallosal and Ascending Flows of Excitation in the Visual Cortex of the Cat - G. T. Bozhko and V. A. Schramm 118
Influence of Brain Stem Structures on the Formation of the Defensive Behavior of Animals - B. Yu. Mileikovskii and S. V. Verevkina 126
Participation of Cholinergic Mechanisms in the Origination of the Dendritic Potential of the Cerebral Cortex - G. I. Gedevanishvili 130
Responses of Frog Vestibular Neurons to Combined Temperature Microstimulation of the Semicircular Canals - S. L. Tsoi, I. V. Orlov, and T. V. Bovk 136
Influence of Pineal Peptides on the Dynamics of the Circadian and Minute Motor Biorhythms in Rats - É. B. Arushanyan, V. A. Baturin, and K. B. Ovanesov 145
Parasympatheic Control of the Spontaneous Defibrillation of the Heart Ventricles in Animals of Various Ages - V. I. Kobrin 149
Neurophysiological and Pathomorphological Features of the Development of Alcoholism (Experimental Investigation) - T. M. Vorob'eva, Zh. P. Gordienko, and L. N. Paikova 154
Neurophysiological Mechanisms of the Attention Distrubance in Children with Learning Difficulties - L. I. Peresleni, L. A. Rozhkova, and N. A. Ryabchikova 160
Capacity of Bottle-Nosed Dolphins for Generalization Based on a Relative Sign - D. A. Flëss, Yu. D. Starodubtsev, and E. M. Starodubtseva 166
Interrelationships of the Emotionally Positive and Negative Regions of the Brain of the Edible Snail - P. M. Balaban and R. Chase 172
Reactions of Neurons of the Somatosensory Cortex of the Rabbit to Nociceptive Stimuli of Varying Genesis - A. Yu. Kozlov 181
Role of the Basal Ganglia in the Reproduction of Instrumental Reactions Developed in Response to Electrostimulation of the Hippocampus - G. A. Grigor'yan and L. I. Chilingaryan 183

Volume 21, Number 3, May-June, 1991

Transplantation of Human Embryonal Nervous Tissue into the Spinal Cord of Adult Rats - E. G. Gilerovich, E. A. Fedorova, and V. A. Otellin 193
Ultrastructure of the Serotoninergic System of the Motor Region of the Cerebral Cortex - R. P. Kucherenko and V. A. Otellin 199
Plastic Metabolism in Neurons in the Hypochromic Type of Alterations - N. S. Kolomeets and V. N. Kleshchinov 203

Cellular Organization of the Paraventricular Nuclei of the Rat Hypothalamus - E. I. Goufman 210
Kinematic Analysis of the Formation of Precise Instrumental Movements in Cats - B. M. Sidorov 215
Stability of the Behavioral Specialization of Neurons - A. G. Gorkin and D. G. Shevchenko ... 222
Reflection of the Operations of Comparison of Current Afferentation with Internal Pretuning in the Impulse Activity of Neurons of the Frontal Cortex of the Dog - A. A. Pirogov, A. I. Erofeev, and A. P. Kozlov 230
Comparative Psychological Approach to the Analysis of the Functions of the Hippocampus - M. L. Pigareva and L. A. Preobrazhenskaya 238
Reflection of the Level of Alimentary Motivation in the Electrical Activity of the Esophageal Muscles of the Rabbit in the Process of Reinforcement - A. A. Kromin 247
Habituation of Completely Isolated Neurons of the Edible Snail to Electrical Stimulation - S. A. Gapon and K. S. Rosza 249
Influence of Hydrocortisone on the Activity of 5'-Nucleotidase and Adenosine Deaminase in the Hypothalamus and Hippocampus of the Rat Brain - V. Ya. Kononenko, N. M. Kosmina, and L. I. Pil'kevich 251
Dependence of Secretion of Follicle Stimulating Hormone on the Level of Receptors of Sex Hormones in the Hypophysis and on the Activity of Catecholaminergic Systems of the CNS - V. N. Babichev, T. A. Peryshkova, and E. I. Adamskaya 255
Metabolism of Testosterone in Discrete Regions of the Brain of Rat Embryos - A. G. Reznikov, I. G. Akmaev, O. F. Fidelina, O. S. Gorbatyuk, E. I. Goufman, A. A. Gusev, L. B. Kalimullina, K. K. Pivnitskii, V. G. Sergeev, and O. V. Vikhreva 259
Central Neurophysiologic Mechanisms of the Regulation of Inhibition - B. Yu. Mileikovskii, S. V. Verevkina, and A. D. Nozdrachev 263
Comparative Neurophysiologic Analysis of Trace Processes in Delayed Spatial Choice and the Trace Conditioned Reflex in Rhesus Macaques - L. A. Moiseeva 268
Time Course of the Redox State Potential of the Cerebral Cortex, Developing as a Reaction to Implanted Platinum Electrodes - T. B. Shvets-Ténéta-Gurii, V. N. Mats, and O. B. Kovchegova 276
Features of Stuttering Preschool Children - G. A. Ivanova, A. Z. Lapa, M. I. Lokhov, and S. A. Movsisyants 284

Volume 21, Number 4, July-August, 1991

Calmodulin Blockers Decrease Short-Term Plasticity of the Cholinoreceptors of Neurons of the Edible Snail - A. S. Pivovarov, E. I. Drozdova, and B. I. Kotlyar 289
Dependence of the Electrical Activity of the Hippocampus on the Probability of Reinforcement of an Alimentary Conditional Stimulus - L. A. Preobrazhenskaya 296
Neurobiology of the Integrative Activity of the Brain. Dynamics of the Activational and Inhibitory Types of Synchronization of Cortical Neurons during the Realization of a Defensive Reflex and of Internal Inhibition - G. I. Shul'gina, A. N. Balashova, and N. V. Okhotnikov 302
Influence of Nembutal on the Impulse Activity of Cells of Embryonal Nervous Tissue Transplanted into the Rat Brain - V. V. Senatorov, G. P. Obukhova, and V. L. Silakov 311
Influence of the Opioid Peptide DADLE on the Activity of Neurons of the Visual Cortex and the Behavior of Rabbits during Learning - G. I. Shul'gina 318

Change in Behavior with the Development of Long-Term Sensitization of a Defensive Reflex in the Edible Snail - N. A. Beregovoi, Kh. L. Gainutdinov, O. G. Safronova, and A. V. Savonenko 321
A New Pathway of the Central Nervous Regulation of Carbohydrate Homeostasis - I. G. Akmaev 324
Neuromodulator Role of Luliberin in the Regulation of Sexual Behavior in the Male Rat - V. N. Babichev, E. I. Adamskaya, L. Yu. Ozol', and T. V. El'tseva 330
Metabolism of the Sex Steroids in the Hypothalamus and Its Role in the Neuroendocrine Regulation of Reproduction - A. G. Reznikov 335
Morphochemical Features of the Brain of Rats Genetically Predisposed to Catalepsy - M. A. Il'enkova, A. V. Sergutina, L. M. Gershtein, and N. K. Popova 338
Phenomena of Motility in the Sensory Neuron of a Spinal Cord Ganglion with Stimulation of Its Peripheral Receptors - L. A. Podol'skaya and S. S. Sergeeva 342
Posttetanic and Frequency Potentiation in Slices of Rat Olfactory Cortex - A. A. Mokrushin and M. A. Emel'yanov 349
Intracentral Interstructural Relationships in the Process of Kindling Electrostimulations of the Hippocampus - O. A. Timofeeva 353
Effects of the Electrostimulation of Various Areas of the Dorsal Motor Nucleus of the Vagus on the Electrical Activity of the Stomach Wall - V. A. Bagaev, E. V. Kopylov, and S. I. Smirnov 359
Role of the Rapid Neurogenic Component and Its Constituents in the Organization of Effort Hyperpnea - S. N. Kuchkin and I. I. Poletkina 367
Errors in the Differential Diagnosis of Various Types of Nonepileptic Paroxysms in the Initial Period of Their Occurrence - V. S. Myakotnykh 372
Changes in Cerebral Blood Flow and Their Correction in the Interparoxysmal Period of Epilepsy - A. A. Shutov and V. V. Shestakov 376
Neurophysiological Mechanisms of Aphasia in Epilepsy - P. V. Mel'nichuk, L. P. Zenkov, A. A. Morozov, É. I. Kogan, and Yu. N. Averyanov 380

Volume 21, Number 5, September-October, 1991

Receptor Binding of Corticosterone in Monoaminergic Structures of the Brain of Rats after Neonatal Blockade of the Hypophyseoadrenal System - I. A. Garina, V. V. Rakitskaya, and V. G. Shalyapina 387
Role of Testosterone Metabolism in the Hypothalamus in the Regulation of the Gonadotropoic Function of the Hypophysis in Pre- and Postpubertal Male Rats - A. G. Reznikov and P. V. Sinitsyn 390
Influence of Biologically Active Substances of the Spleen on the Content of Somatotropic Hormone in the Hypophysis of Rats - V. V. Korpachev and I. N. Shostak 394
Functional-Statistical Analysis of Action Potentials in the Multineuronal Activity of the Brain of Awake Cats - G. Kh. Merzhanova and I. Porada 397
Reaction of Cats to Species-Specific Acoustic Signals during Electrical Stimulation of the Hypothalamus Before and after Ablation of the Sensorimotor Region of the Cortex - E. E. Lyakso and G. A. Kulikov 408
Dynamics of Synchronization in the Functioning of Neurons of the New Cortex and Hippocampus during Learning before and after the Administration of Nootropic Agents and Narcotics - G. I. Shul'gina and N. V. Okhotnikov 416
Neuronal Correlates of the Serotonin-Dependent Behavior of the Pteropod Mollusc *Clione limacina* - E. A. Kabotyanskii and D. A. Sakharov 422

Analysis of Two Types of Dopaminergic Responses of Neurons of the Spinal Ganglia of Rats - I. I. Abramets and I. M. Samoilovich 435
Some Neurophysiological Mechanisms of the Perception of Interoceptive Signals - G. S. Belyaeva 441
Patterns of the Functioning of the Hypophyseoadreno Cortical System in the Presence of Repeated Stressful Stimulations - A. A. Filaretov, T. T. Podvigina, and T. S. Bogdanova 448
Participation of β-Endorphin in the Regulation of Conditioned Reflex Activity of Cats - A. I. Karamyan, Yu. A. Pankov, A. L. Protsenko, T. N. Sollertinskaya, and I. L. Kofman 453
Splenectomy in the Treatment of Severe Forms of Myasthenia - B. M. Gekht, M. I. Kuzin, O. S. Shkrob, P. S. Vetshev, I. Kh. Ippolitov, A. G. Sanadze, D. I. Shagal, and Z. Sh. Khodzhaev 461
Comparative Assessment of the Disorders of Higher Brain Functions in Various Types of Cerebral Atrophy - I. V. Damulin, N. N. Yakhno, and O. A. Goncharov 465
Clinical Heterogeneity of Dementias of the Alzheimer's Type - S. I. Gavrilova, N. K. Korsakova, S. B. Vavilov, N. D. Selezneva, Ya. B. Kalyn, N. R. Dybovskaya, I. F. Roshchina, and L. I. Medvedev 469
Clinico-Genealogical Study of Alzheimer's Disease - N. I. Voskresenskaya 476

MORPHOLOGY AND ECOLOGICAL FACTORS

Ultrastructure of the Neuromuscular Synapses of Three Types of Muscle Fibers of the Rat Diaphragm in Acute Chlorophos Poisoning - N. V. Tomilin, V. G. Kuznetsov, and V. F. Mashanskii 483

ORIGINAL RESEARCH

Morphofunctional Characterization of the Neurosecretory Cells of the Supraoptic Nucleus in Rats with Parathyroprival Hypocalcemia - A. A. Asratyan, S. V. Vladimirov, A. V. Aznauryan, and D. N. Khudaverdyan 488

Volume 21, Number 6, November-December, 1991

System of Synaptic Influences on Neurons of the Neocortex in the Presence of a Conditioned Reflex - V. M. Storozhuk 493
Backward Conditioned Connection and Inhibitory Reorganization of the Receptive Fields of Cortical Neurons as the Basis of Subconscious Change in the Thresholds of Visual Recognition and Detection - I. A. Shevelev 505
Influence of an Analog of Vasopressin on the Reaction of Command Neurons of Defensive Behavior of the Edible Snail during the Stimulation of Nerves - I. V. Kudryashova and R. I. Kruglikov 513
Change in the Blood Glucose Level under the Influence of "Failure" of an Avoidance Reaction - L. L. Pragina, F. F. Kokaeva, A. N. Inozemtsev, N. E. Lebedeva, and N. A. Tushmalova 520
Significance of the Character and Probability of Reinforcement in Animals with Transplantation of Various Embryonal Tissue Structures - A. V. Zukhar', N. G. Mikhailova, I. V. Ermakova, and E. V. Loseva 523
Consciousness and Information Selection - N. E. Sviderskaya 526
Influence of the Administration of Prednisolone in Early Postnatal Ontogenesis on the Diurnal Activity of the Hypothalamic-Hypophyseal-Adrenocortical System of Adult Rats - N. A. Zlobina, S. B. Lur'e, and O. A. Danilova 532

Influence of Thymosin (Fraction 5) and Tactivin on the Function of the Adrenal Cortex in Mice - E. V. Ignat'eva, V. M. Chesnokova, and L. N. Ivanova 536
Afferent Connections of the Nucleus Accumbens with the Amygdaloid Body and the Dopaminergic Mesencephalic Formations of the Cat Brain - A. I. Gorbachevskaya 540
Reaction of Sensory Spinal Ganglion Neurons to Transection of Their Peripheral and Central Processes - M. A. Kryukov, A. G. Greten, and P. V. Belichenko 546
Influence of the Posterior Hypothalamus on the Visual Cortex in Various States of the Reticular Formation - N. A. Gadzhieva, D. G. Dzhavadov, and N. M. Rzaeva 552
Pathways of the Evolution of Hormonal Signal Realization Systems - M. N. Pertseva 559
Influence of the Inhibition of Free-Radical Oxidation Processes in Early Postnatal Ontogenesis on Learning in Adult Rats - G. V. Vishnevskaya, E. I. Gern, and T. A. Adzhimolaev 568
